TEKING.

In my last letter I said that the tail-outting mania had appeared in the outer city. Since then it has spread over the Tartar city. seems to have occurred simultaneously in all tion of his Colestial Majesty's lieges. The mandarina bave put up a notice offering fift taels' reward for the apprehension of a tail cutter: but this will hardly have much influence for the people are persuaded that the agency supernatural. Death is said to follow the los of the tail within three days; several cases of death are reported, and there is so much concurrent testimony that it is difficult not to believe. If there have been deaths it must be the effect of fright, the prophecy as in many cases bringing about its own fulfilment. Otherwise it would seem as if, with the Celestials, the spinal marrow-resided in the queue, thus making it a true caudal appendage and causing the wound to be mortal. It is common now in the streets to see men with their tails would round their beads or hanging over the shoulder in front. Obserus are of course being distributed freely. One man showed me charm, when told him I had a better one.

which was to wear the hair after the western inshion, but he replied "Then they would out off our curs!" More than one anonymous paper bas been stuck up in the city laying this trouble at the door of the intruding foreigner, especially the missionaries. One of these papers stated that since foreigners had come many foolish people had joined them and that men and women met together for worship and spent whole days in abusing Buddha. It warned the people especially to beware of girls' schools. This "detailing" trouble occurred in Peking nce before in the 18th year of Kinteing, and simultaneously there was a revolt in the palace; so that the authorities here are not unnaturally

The excited people report that Chang Tieneze, the head of the Taoist religion, is on his way here to reside in Kiang-so in the Kwangbain Fu. All the devils and imps are under this dignitary's control. The distance is however too great for him to be already near at hand: morcover it is only in very great emergencies that he is called upon for aid. I have heard a Chinaman suggest that the object of the tail-outter is to get the few cash worth of silk at the end of the plait; but I fear this man was altogether too materialistic in his views. If the devil turns tables in civilized lands, why should he not nin tails in this land ! If he does, think his taste cannot called in question, for th Celestial tail is neither ornamental por usef to the wearer thereof.—Shanghai Courier Cor

THE ASHTABULA VERDICT.

Daily Alta:-UNITED STATES.

ASHTABULA, March Sth. The Coroner's jury to-day rendered a verdict on the Ashtabula disaster, that the fall of the bridge was the result of defects and errors made in designing, constructing, and erecting it; that the chief defect, appearing in many parts, was the dependence of every member for its efficient action upon the probability that all or nearly measure of local autonomy as is compatible all the others would retain their positions and with Imperial interests. do the duty for which they were designed, instead of giving each member a position in connection with the rest. The members of each truss were, instead of being fastened together, tion of Baron Vonstosoh, Chief of the German rested one upon the other, as illustrated by Admiralty. several particulars, which are enumerated and explained in technical terms. Thick beams were placed where the place required thin ones and vice versa. The Railroad Company used this bridge eleven years, during all of which time an examination by a competent engineer would have certainly disclosed these defects. For this neglect the Railroad Company alone is reponsible, and upon it rests the fearful responsibility for the loss of life. The cars which plunged into the abyes were not pro- 561d. per ounce yesterday in consequence of the perly heated, according to the plain require- superfluity of Indian Council bills.
